IT & COMMUNICATION SOLUTIONS

T&N takes over the IT Outtasking division of isonet ag

As of 1 January 2009, isonet ag has sold the IT Outtasking division to T&N Telekom & Netzwerk AG based in Dietlikon.

T&N AG has taken over the client base of the IT Outtasking division of the Zurich-based company isonet ag as of 1 January 2009. isonet ag has decided to concentrate on its core competence "Software engineering" in future. "I am convinced that T&N, with its service portfolio, is the right company for this division", comments Daniel Streuli, Manager of isonet ag.

T&N AG, with its headquarters in Dietlikon and branches in Frauenfeld, Zurich, Olten and Crissier, employs around 100 people. Since 1996, the company has been offering unique services in the fields of information technology, networks, traditional and IP telephony (VoIP) as well as unified communication.

"As Microsoft Gold Partner and HP Preferred Partner Gold, the acquisition of this client segment fits in perfectly with the further strategic development of our IT service division. Thanks to the excellent and personal service, and our aim of long-term client relations, there is a direct benefit for clients", explains Hermann Graf, Manager of T&N Telekom & Netzwerk AG.

The business activities of the IT Outtasking division of isonet ag will be continued seamlessly by T&N AG. An employee of isonet ag will likewise be taken over.
